

HRC Training Programs in 2026

| No. | Program Name (in English) | Working Language | Training Time | Duration |
|-----|---|------------------|-----------------------|----------|
| 1 | Seminar on Climate Change Adaptation and Energy Transition for Belt and Road Countries | English | May 20 – June 2 | 14 Days |
| 2 | Seminar on Clean Energy-Based Electrification Modes for Belt and Road Countries | English | May 20 – June 2 | 14 Days |
| 3 | Seminar on Enhancing Coastal Flood and Tide Prevention Capacity | English | June 1 – June 7 | 7 Days |
| 4 | Seminar on Capacity Building for Digital Solutions for the Safety of Reservoirs, Dams, and Ecosystems for Belt and Road Countries | English | June 4 – June 17 | 14 Days |
| 5 | Seminar on Dam Safety Management for Belt and Road Countries | English | June 4– June 17 | 14 Days |
| 6 | Seminar on Clean Energy and Industrialization Development Capacity Building for Eastern and Southern Africa | English | July 1 – July 14 | 14 Days |
| 7 | Training Course on Hydropower Station Operation and Management Technology for Burundi | French | July 6 – July 30 | 25 Days |
| 8 | Seminar on Small Hydropower and Rural Electrification for French-Speaking African Countries | French | July 17 – July 30 | 14 Days |
| 9 | Seminar on Water Resources Development and Utilization and Water Environment Management for Latin America and the Caribbean | Spanish | August 12 – August 25 | 14 Days |
| 10 | Seminar on Hydropower Station Management and Operation for Spanish-Speaking Countries | Spanish | August 12 – August 25 | 14 Days |

| | | | | |
|----|---|---------|-----------------------------|---------|
| 11 | Seminar on Water-Saving Irrigation Technologies for Arab Countries | Arabic | August 13 – August 26 | 14 Days |
| 12 | Seminar on Small Hydropower and Sustainable Development of Rural Communities for Eastern and Southern Africa | English | September 2 – September 15 | 14 Days |
| 13 | Seminar on Modernization and Sustainable Development of Large and Medium-sized Irrigation Districts for Asian Countries | English | September 9 – September 22 | 14 Days |
| 14 | Seminar on Irrigation District Construction and Management for Belt and Road Countries | English | September 9 – September 22 | 14 Days |
| 15 | International Seminar on Watershed Water and Sediment Management in a Changing Environment | English | September 10 – September 23 | 14 Days |
| 16 | Seminar on Water Conservancy Technologies for Developing Countries | English | October 14 – October 27 | 14 Days |
| 17 | Seminar on Water Resources Management and Ecological Small Hydropower Development for Belt and Road Countries | English | October 14 – October 27 | 14 Days |
| 18 | Training Course on Hydrology and Flood and Drought Disaster Prevention for the DPRK | Korean | October 20 – November 2 | 14 Days |
| 19 | Seminar on Data-Driven Technologies for Reservoir and Dam for Belt and Road Countries | English | October 30 – November 5 | 7 Days |
| 20 | Training Course on the Development and Application of Small Hydropower Technical Standards for Belt and Road Countries | English | November 4 – November 17 | 14 Days |

Note: The event time may be adjusted according to the actual situation.
